

## **Values and Ethos Statement**

At Ecton Village Primary Academy we create a nurturing yet academically ambitious environment in which our children learn.

The staff at Ecton Village Primary Academy have high expectations of all the children, and would like them to leave the school as confident, polite and independent young people, with the appropriate skills, values and learning to become successful in the next phase of their education. We aspire to instil the values of Independence, Resilience, Engagement, Aspiration, Co-operation and Honesty: to give the children the skills to succeed in whatever they do, across all areas of school life and beyond.

It is our belief that children thrive in an environment where they are praised, encouraged and cared for - this is what we endeavour to provide. It is our intention to ensure that every child strives to do their best and attain their highest standards at work and play.

Our school is dedicated to providing the best possible education for every pupil in a stimulating and safe environment. Our curriculum is built around the principal that the Arts are just as important as English and Maths. Ours is a curriculum that nurtures curiosity, creativity and high academic standards.

Everyone in our school community is valued, challenged, encouraged and supported to achieve as individuals, become lifelong learners and active citizens in modern Britain.
